

Key Stage 2	
Curriculum Subjects	Art 
Learning Objectives	<p>To develop idea of how the mask will look and to select tools techniques and materials to make a mask and suggest alternatives way if first attempt fails. To correctly measure, mark out, cut and shape materials accurately.</p>
Materials	<p>Planning diary BIC® Kids Leaner Twist Ball Point Pen BIC® Kids EVOLUTION™ Ecolutions® Colouring Pencils School Glue</p> 
Teacher Prep	
<p>Follow on from mask planning and design lesson, print of second page of the planning diary, Prepare materials needed.</p>	
Lesson	
<p>Starter: Pick up from the first lesson of introducing masks, hand out each pupil's sheet from previous lesson and have a re-cap on what the masks are for and what they are representing. (5 minutes)</p> <p>Main activity: 1) This is to help the pupils develop their ideas, hand out the 2nd and 3rd sheet of the planning diary (Developing ideas and planning) with the mask template. Ask the pupils to start designing the mask on template e.g. what is going where. (5 minutes) 2) Explain to the pupils after they have planned where the nose, mouth & eyes are going they need to think of extras to add onto their masks, this is where they will need to come up with ideas for what to put on the mask, how it will be decorated what extra materials to add onto the mask. (10 minutes) 3) Once they have decided they will need to figure out how these extra materials will be attached to the mask (page 3 of the planning diary). (5 minutes)</p> <p>Conclusion: Conclude the lesson by going round the group and asking each pupil what they plan to add to their mask and why, ask them to explain why they are adding these things to their masks. E.g. to make it scary or for practical reasons.</p>
