

SPRING

Printed T-shirts

What you need:

- . A T-SHIRT
- . ALUMINIUM FOIL
- . PENCIL SHARPENER
- . IRON*
- . BOX FOR STENCILS (OPTIONAL)
- . Plastidecor

Instructions:

- 1 Try using the Plastidecor shavings, that you get when you sharpen them, to decorate your t-shirt!
- 2 Put the shavings on the t-shirt, to make the shape you like best, you can do it directly or with a stencil
- 3 cover the drawing with aluminium foil. Iron it at maximum temperature on the aluminium foil pressing over the whole surface.
- 4 Leave the aluminium foil to cool down for a few minutes and then remove it.

*for use only by a teacher or supervisor, or under strict supervision
